Re: Recommendation
Rick Keith, President
Wolverine Plating Corporation
29465 Groesbeck Hwy.
Roseville, MI 48066

To whom it may concern:

The purpose of this letter is to offer my unequivocal recommendation of Wolverine Plating Corporation. Since 1970, I have had the pleasure of working with WPC on a wide variety of projects. Without fail, the company has provided a consistently high level of customer service that is becoming an unfortunate rarity in today's business climate. They have been a go-to plating supplier that has assisted Suburban Bolt with innumerable "rush jobs," allowing us to keep our customers satisfied.

I have little doubt that as our company grows, our long-time relationship with WPC will continue to do so as well. Should there be any questions or concerns regarding the capabilities of WPC to carry out its customer service goals, I can be reached at the number or email listed below.

Sincerely,

Len Dombecki
Vice President
Suburban Bolt & Supply
